We are the Majority. Reason and Truth are on our side and We shall overcome!

Let us not be afraid! Let us organize!

Let us hold hands and spirit with those brave women in Arica and Punta Arenas, Concepcion and Calama!

Let us hold hands with women of Vitacura and La Victoria!

That is our Commitment as Chilean women!

That is our responsibility as Citizens!

For we have the right to a free and democratic country, for we must provide for our children a land of true Peace.

Our hands are clean to build a new future, our hands are clean of blood of our brothers and sisters!
