Dear Colleague,
Military Coup in Chile

At the last meeting of the Council the following motion was carried unanimously:-

"This Council deeply regrets the brutal overthrow by force of the democratically elected Government of Chile and calls upon the TUC to organise a day of protest by all affiliated unions against what is happening to the Chilean working class.

"In addition this Council totally condemns the Government's recognition of the military junta and calls upon it to sever all trade and military links with Chile until democracy has been restored."

Yours sincerely,

Rod Robertson,
Secretary
